Important Railroad Connection - The President of the Evansville, Terre Haute, Crawfordsville & Fort Vayne Railroad, has, we understand, made an arrangement with the Sandusky City, Fremont & Inciana Railroad, to connect the two roads at Fort Wayne. This we look upon as an important arrangement so far as we are concerned, as it secures our citizens another direct communication with Lake Erie; and it must prove advantageous to both the Evansville road a good eastern outlet, with the adons other railroads centering here from every direction, and forms one of the best and most direct lines from the lower Ohio and the southwest to Lake Erie that can be found. To the Sandusky Company it gives a connection at this place with the Fort Wayne long and ardnous services in their cause. & Chicago and the Fort Wayne & Mississippi Roads a id at TerreHaute it will form a connecti n with the St. Louis Road, making the best and nearest route from that city to Lake Eric and the east now in conmplation. It will prove rather a formidable rival lighter grades, and be cheaper to construct.

ROCKHILL & HODGES.

Fort Wayne, April 1. I hereby certify that the Moran Horse Young Nim-rod (or Hercules) that I have this day sold to Hodges & Hapgood, was bred by Wm. Perkins, of Bakersüeld, Vernient, and bought by me at two years old, and I have kept him since for the improvement of stock in the dist ict of Montreal, Canada East. He was sired by Old Nimrod, now owned by Judge Smith, of Berkshire, Vt. The dam of Nimrod stands unequalled as c sire; his colts are large, of fine disposition, and last goers, several of them having sold for from two hun-fred to one thousand dollars each. Young Nimrod is the largest of the Morgan race, weighing about 1600

oounds, is of great muscular power, kind and dreile, yet of sufficiently high mettle for a fast roadster. I would with pleasure recommend him to those interested in raising fine horses. REED PAIGE. Young Nimrod was bred by Wm. Perkins, of Ba-kersfield, Verment, and sold to Mr. Read Paige, of Dunham, Canada East, and is considered by the Board of Agriculture in the district of Montreal to be the hest Morgan horse in the district, as following list of Premiums will show: In 1846 he took the first prenum at Nepiersville, Huntingdon; the next year in the county of Beauharnois he took the first premium of £6 5s. and also in the county of the Two Mountains be took the first premium of £8, and also at Rouville county was awarded the first premium of £5, and then shut out from taking any more premiums, the byelsws of the Board of Agriculture not permitting one might be get two successive premiums.

I will further add that I have been ecquainted with the before-named horse for the last six years, and that his stock has drawn more and better prizes than the stock of any other horse in our c unty, and perhaps more than the stock of all other horses together, and consider him the best Morgan horse in this section of

Prince's Meludeons. he best and cheapert Musical I wstrument in use

FOR SALE AT MANUFACTURERS' PRICES.

FOR SALE AT MANUFACTURERS' PRICES.

TEO. A PRINCE & CO.'S celebrated Meloileons are most universally acknowledged to be the best instruments of the kind manufactured in this country. The many improvements they have, made in this hithento inferior instrument, now make it one of the most desirable and useful articles of furniture that can be used in a family. In families, especially, where Sucred Music is taught or practiced. The whistling, whiming or squeaking tones these instruments used to possess, have now given place to a clear, pureround tone, nearly resembling that of the "Flute Stop" in the organ. Probably no musical instrument of any description ever made has met with so extensive and unprecedented a sale as the "Prince Melodeon."

They are warranted never to get out of tune, are better adapted to the human voice than any other instrument, and wherever they have been Introduced are rapidly superseding Pianos. They are offered at prices so low as to place them within reach of all lovers of music, and being furnished in the first style, form a beautiful article of furniture. For small churches, these in-truments have no equal. One of them is in use at the Germ in Reformed Evangelical Church in this city. Prices,—Four Octave, \$45; Five Octave, \$75; Do, Do, Plano Style, \$100.

The subscriber is appointed Agent for the sale of these instruments, and will furnish them at manufacturers' prices.—He has on hand one four octave instrument, which may be examined at his residence. Any other size furnished to order.

The following Certificates have just been Received.

Mr. Silas C. Herring: Sir—It gives us much pleasure to state that a Safe of your make was the means of preserving our books and valuable papers, together with a lot of Silver Spoons, Forks, &c., from destruction by the fire that occurred in our store, on the night of the 27th ult., at No. 46 Montgomery street. The fire commenced near the safe, which, owing to its situation on a wall, did not fall into the cellar, but was exposed to the full heat of the Fire from its commencement, and when taken from the ruins had all the brars plates and knobs completely melted off.

Yours, R. B. Earle & Co.

Jersey City, Feb. 4, '53.

Mr. Silas C. Herring: Sir—We deem it a duty to hand you a certificate of the fact, that the entire contents of the safe bought of you were preserved uninjured, after remaining twelve hours in the fire, which destroyed the building occupied by us, 75 Nassau st., on the night of the 2d inst. The books, papers and money, were as perfect as when put into the safe, all the watch movements were in running order, and some of them in motion.
